PROFILE

Dynamic front-end web developer with over two years of experience in building responsive, user-focused web applications. Skilled in HTML, CSS, JavaScript, and frameworks like Tailwind CSS, Bootstrap, React.js, and Angular, with a strong foundation in modern UI/UX principles. Proficient in MongoDB for database management and experienced with Firebase for backend integrations. Known for creating sleek, functional interfaces and enhancing user experience through interactive designs. Strong knowledge of Git for version control and agile development workflows. Eager to contribute technical expertise and innovative solutions to development teams focused on delivering top-notch digital products.

WORK EXPERIENCE

Freelance Front-End Web Developer   SEPTEMBER 2023 – PRESENT

- Developed responsive, user-centric websites for a variety of clients, enhancing brand visibility and user engagement.
- Built and customized modern, interactive UIs using HTML, CSS (Tailwind and Bootstrap), and JavaScript, ensuring cross-browser compatibility and optimal performance.

International Institute of Tropical Agriculture (IITA), Nigeria   AUG 2024 – DEC 2024
